MIDDLE TENNESSEE STATE UNIVERSITY

October 2008

Dear Blue Raider Fans:

I want to give a special thank you to every member of the Blue Raider Athletic Association. Your support and financial commitment guided the BRAA to a record year in 2007-2008.

This is our 4th publication of the Blue Raider Athletic Association Business Directory. Participation in this year's edition increased significantly and many more BRAA member companies are listed than in our inaugural edition, more than doubling the size of the Directory. Thank you for such a great response. I encourage our fans, supporters, students and alumni to do business with the companies listed in our business directory.

Our philosophy is to support businesses that support Blue Raider Athletics by making annual contributions to the Blue Raider Athletic Association. Each of the organizations and individuals in our directory is an integral part of Blue Raider Athletics by helping to provide financial support for the young men and women who participate in our athletic program.

Please share with these companies that you are doing business with them because of their support of Middle Tennessee Athletics. If you would like to be a part of this directory, a minimum donation of \$750.00 to the BRAA is required. You can contact the BRAA office at 615-898-2210 or go online at www.goblueraiders.com and JOIN TODAY!

Go Blue Raiders!

I choose to wear black socks with sandals.
laugh whenever I get the chance.
sleep late every Saturday.
smile a lot.
grow a beard every now and then.
listen to rock music.
start with dessert.
tell my wife I love her again and again.
eat pumpernickel over wheat.
read the Sunday paper in bed.
help my granddaughter tie her shoes.
speak my mind.
say a prayer every day.
play gin rummy for a penny a point.
talk less and listen more.
take long walks even if it rains.

I choose MTMC.

MY LIFE. MY CHOICE.

The MTMC Emergency Department is staffed by emergency care specialists with the experience to take care of any urgent medical need. The Chest Pain Center provides skilled care during the critical early stages of a heart attack, when treatment is most effective. More than 50,000 people each year choose MTMC for Emergency Care. Why choose anyplace else?

A cartoon mascot of a brown horse or donkey is shown running towards the left. The mascot is wearing a white jersey with the number 98 and the word 'WISSE' on it. The background is white with horizontal ruling lines.

The Blue Raider Athletic Association (BRAA) is a university-affiliated support organization consisting of donors to the intercollegiate athletic programs.

There are membership levels with a schedule of benefits based upon the amount contributed. The BRAA is committed to the proposition that academic achievement should be the number one priority of any student-athlete.

STATEMENT OF PURPOSE

Our mission is to support, promote, and enhance nationally competitive intercollegiate athletic programs, which mirror the interest of the students, faculty, alumni, and friends of Middle Tennessee State University. These programs provide a sense of pride and a source of enthusiasm while instilling loyalty to the University. The spirit of the academic community is stimulated and enriched by these programs. They supply a means of communication between the University and its graduates long after they leave campus. Also they serve as rallying points for people of all ages and backgrounds that share this common interest.

By providing direct financial and moral support, we strive to heighten academic growth through the success of our athletic programs. As the athletic programs gain strength and notoriety, the University benefits by attracting higher quality students.

Above all, we recognize that the University's obligation is to the state of Tennessee and to the parents who entrust their children to this University. Our duty is to provide our students with a quality education and experience. This includes academic achievement, which contributes to their social development and prepares them for meaningful lives and careers. We are committed to the idea that academic achievement should not be a gift. Rather it is a challenge that must be met by the individual students as well as the University.
